

## GREGORY PLANNING COMMISSION MEETING

Monday, January 27, 2014

The Gregory Planning Commission met Monday, January 27 in an organizational meeting for the new year.

By consensus the officers for the new term will be Scott Anshutz and Sam Flakus as co-chairmen and Bonnie Johnson as secretary.

The terms for the commission members are as follows:

Scott Anshutz and Donna Schmitz, 3 year terms

Sam Flakus and Bonnie Johnson, 2 year terms

Dan Fiebelkorn, 1 year term

As the terms expire, the positions will be filled by re-election for three year terms or new members can be selected for three year terms.

The commission will plan to meet at 5 p.m. on the days the Gregory City Council meets in regular session, generally on the first and third Mondays of the month. Special meetings can be added if necessary.

The topography map of the new VonSeggern Development was examined to assess possible home construction sites and we discussed the business sites. We were to attend a meeting with engineers and prospective business owners on Wednesday, Jan. 29 to discuss proposed construction on business lots. There are four prospects for this area.

At the next regular meeting we will work on criteria and general plans for the development. Scott will meet with Greg Powell, city engineer of Chamberlain, prior to that meeting.
