

Dear Gregory alumni and community supporters,

The “Twin Pools” have been a summertime staple in the city of Gregory for almost a century. Despite maintenance, the time has come to update. The pool fundraising committee is asking for your help to build a new pool and continue the tradition of “The Twin Pools”.

With a price tag of approximately \$4.5 million, we know that building a new pool is a big investment in the future of our community and children. The pool fundraising committee has raised \$160,000 thus far. While we have a committee dedicated to grants, that avenue is not going to fully fund building a new pool. We need your help. We’ve set the goal of raising \$500,000 by Dec. 31, 2024. We are hopeful to break ground on the new “Twin Pools” by 2026.

Enclosed is a donor card to fill out and return. We ask that you thoughtfully consider making a pledge or one time donation. Donations should be made at BankWest in Gregory or mailed to the address on the card. Checks should be made out to City of Gregory Pool Fund. Automated payments can be set up through BankWest. There is also a Venmo account and QR code on the enclosed card to donate directly to the pool fund. Donations are 100% tax deductible.

You can visit our website at www.gregorypoolfund.com for updates on fundraising efforts. The Venmo QR code to donate directly to the City of Gregory Pool Fund is located on the website as well. You can contact us through our email address of gregorypoolfund@gmail.com.

Please consider helping us in continuing Gregory’s legacy as a vibrant community!

Sincerely,
Gregory Pool Fundraising Committee
